N 715-1-22 Date: 03.07.2019

To the concerned
(per the list)

With regard to trade relations

We express our high respect and make request about the following.

The Regional State Administration acts as a reliable partner for business, and our region is advanced in economic development and open to cooperation. An important export advantage of Lviv region is the proximity to the border with the European Union. Lviv region, being located at the intersection of major transport corridors and trade routes between Europe and Asia, has a huge potential for developing its export opportunities.

The enterprises of our region duly represent the most diverse sectors of the Ukrainian economy: machine industry, instrumentation industry, light industry, agriculture, food industry, information technologies, etc. It should be also noted that Lviv region is a safe place for the arrangement and implementation of private and business visits, conduct of foreign economic activity.

The above mentioned industries of our region over the last few years have a high quality level of products and have a great demand on the external market.

The enterprises have sufficient production capacities to make export supplies to the countries of Europe and the world. Our commodity producers have established themselves on the international market as business partners who use quality raw materials to produce their products, and therefore deliver the goods of the highest quality. In order to establish business contacts from both sides, we send a list of Lviv region enterprises that are ready for negotiations on the conclusion of foreign economic contracts. Also worth noting is that the Regional State Administration will facilitate the provision of the necessary information on peculiarities of the Ukrainian legislation in foreign trade and will provide comprehensive support in the conduct of trade operations. In case of need, do not hesitate to refer to the contact person from the Regional State Administration – chief of trade and entrepreneur office of the economic policy department, Kalish Chrystyna Igorivna, cell phone: +38(067)95 83 593, e-mail: loda.export@gmail.com.

Acting director of department

M.S. Bukhtiyarova
