

Dear Sirs,

It is our honor to present you the products of the newest Factory of ceramic and porcelain tile of Epicentr K Group of Companies to your kind attention.

The Epicentr Group of Companies is comprised by:

- the Epicentr K Company which is a leader in Ukrainian retail market that specializes in home improvement and gardening with the total retail area of over 1,5 million m². Epicentr DIY's market share reaches 45%, becoming No.1 non-food retailer in Ukraine with annual turnover of 1,3 billion EUR. Epicentr DIY was trusted by 65 million customers in 2018;
- an agro holding named Epicentr Agro, which is in the top-10 Ukrainian agro holdings with a 110 000 hectares land bank;
- a logistics center with total area of more than 80 000 m²;
- other manufacturing companies.

The total workforce of the Group is 40 000 people.

Today our Factory is proud to be a European manufacturer of the top quality products situated in Kyiv. Our highly skilled team of professionals and engineers have created the production facilities based on the cutting-edge Italian manufacturer's equipment SACMI™, System and BMR. We have implemented the most innovative production technologies, such as the system of digital dry coloration Easy Color Boost, dry rectification technology, polishing with Super Shine technology and scanning quality control system named Qualitron. We produce ceramic white monoporosa tiles for **wall glossy/satin in sizes 200x600, 250x750, 300x600, 300x900, porcelain matt/glossy and lappato tiles for floor in sizes 150x600, 150x900, 200x1200, 470x470, 300x600, 600x600, 600x1200, rectified and non-rectified.** All of our hearts and souls were involved in creation of each collection designed. High quality product specifications made from top quality raw materials make our product one of the world's best.

Our key points:

- Factory is fully equipped with newest benchmark standards;
- Current production capacity is 12 million sq. m;
- Building floor area of Factory is 70 000 sq. m.

As a reliable manufacturer and partner we provide:

- High-performance products from top-grade raw materials;
- Strict fully automatic quality control system that ensure all outstanding technical parameters;
- Production of tiles with extremely limited impact on environment;
- All marketing tools to our partners (panels, stands, catalogues, brochures and other POS materials);
- Flexible delivery terms: FCA, DAP, FOB, CFR;
- Individual approach to each partner and highest service standards.

I hope this commercial offer brings some insights and illustrates the kind of prospects of our mutual partnership.

Moreover, we are happy to invite you to visit our Factory and see its facilities in person.

Should you have any further questions it would be my pleasure to assist you.

Looking forward to a further fruitful cooperation!

Best regards,

Vladislava Ponomarenko
